**Invitation to the 22th Hoofsymposium LUWEX-MINI**  
**April 13th to 15th**  
**in Hotel Wolfringmühle**

Dear horse artists and friends of Luwex,

I am happy that we can finally meet again after Corona, I have decided on a mini version (150 participants) with maximum fun. The location is hotel Wolfringmühle, a cozy little place in my area.

Arrival for our usual “gentlemen night” and excellent dinner is on Thursday evening 13.04.2023. On the following Friday and Saturday there will be theory presentations from 09.00 to 12.00 am (English translation is provided).

In the afternoons there will be practical demonstrations with live horses and hands on sessions on the anvil with such anvil artists as Guy Karsh. Everybody is welcome to participate.

Registration at <https://www.luwex.net>

**Clinicians and themes of this edition:**

**DVM Hans Castelijns**

- Farriery in the case of Deep Digital Flexor Tendon Lesions.
- Tropical Fruit and other lever arm considerations.
- When and how to recruit the Frog into weight bearing.

**Alex Kröhnert and his dad Dieter**

- Surgical case studies.
- Surprise theme and discussion.

**Alexander Werner**

- Club foot from foal to adult.

**Aaron Gygax**

- Basics in modern farriery.

PS: I am looking forward to see you all again, I already know that our friends from South Africa, Spain, Portugal, Switzerland, Austria and Israel will be joining us.

Your Josef Luber
